OBJECTIVE

Full Stack Developer with hands-on experience in Next.js, React, MongoDB, and JavaScript, delivering scalable web applications and AI-integrated solutions. Proficient in building RESTful APIs, optimizing performance with SSR/SSG, and implementing secure authentication. Experienced in building scalable and highperformance applications with modern front-end and back-end technologies. Passionate about creating seamless user experiences, optimizing performance, and solving complex challenges.

TECHNICAL SKILLS

Languages: C/C++, JavaScript, TypeScript, Java.

Relevant Technologies : DSA, OS, OOPs, DBMS, CN, Software Engineering.

Frameworks: React.js, Next.js, TailwindCSS, Shadcn UI, Prisma, NextAuth, Axios, Zod.

web development tools: Node.js, MongoDB, REST APIs, Git, GitHub, Linux, Postman, Compass.

EXPERIENCE

java web development- Trainee

Nov-2024-March-2025

HCLTech

- Explored AI fundamentals and integrated with Java applications via API communication, applying AI use cases like chatbot integration and data prediction.
 - Completed Java Development with AI training at HCL Tech, gaining hands-on experience in Core Java, Spring Boot, REST APIs, JDBC, and database integration for backend application development.
-

PROJECTS

Pizza Hub: [\[Live\]](#)

- Developed a responsive web app with user authentication, product listing, add-to-cart, and checkout features
- Using Next.js, Tailwind CSS, and MongoDB.. Implemented secure JWT-based authentication and Next.js API
- Routes for seamless backend integration, ensuring 99.9% uptime with dynamic routing using getStaticProps and getServerSideProps

MegaMart: [\[Live\]](#)

- MegaMart is a full-stack e-commerce web app where users can browse, filter, and purchase products across categories like T-shirts, shoes, and watches. It includes features such as user authentication, product listing, category filtering, deals & discounts, and a responsive UI. Built using Next.js, React.js, Tailwind CSS, MongoDB, and Vercel, it delivers a fast, dynamic, and modern shopping experience.
-

EDUCATION

Bachelor of Technology, Computer Science & Engineering

Sep-2022-Sep-2026

KCC Institute Of Technology & Management

- Relevant Coursework: Data Structures & Algorithms, Web Development, DBMS
 - Overall SGPA : 7.5
-

ADDITIONAL INFORMATION

- Languages: English, Hindi.
- Certifications: [Java Web Development with AI \(HCLTech, 2025\)](#) , [Frontend Developer\(React\)\(Hackerrank, 2025\)](#).
- Awards/Activities: Participated in workshop on High Performance Computing.Oct(2024)
Contributed to an open-source Next.js project, enhancing UI components (GitHub, 2024)
[Participated in Trend Set To Go challenge hosted by Myntra Sep\(2025\)](#).
